

Shtime Learning Center (ShLC)

Shtime Learning Center is located in the hills of central Kosovo just west of Ferizaj. Shtime, our newest center, opened in January of 2009. On a hill overlooking the town, the center serves approximately 70 children each day in the language club, homework help, and preschool programs.

The staff includes a coordinator, one facilitator, seven tutors, and a cleaner-cook. The center is directed by Jasmina Hysaj who, prior to work with BSF, was a public school teacher. In addition to normal BSF LCN programming, the center also has a Women's Literacy Program. Meet ShLC staff. See some ShLC successes .
